

HANDVLYT: STEL POTSTAANDERS

Voorkoms 60%

Werksgehalte 40%

Vereistes:

Stel van drie potstaanders wat 'n eenheid vorm of bymekaar pas. Mag verskil in grootte. Enige medium kan gebruik word maar moet elemente van herwinde materiaal bevat. Dit moet hittebestand wees. Moet groot genoeg wees om potte of bakke te hou. Boonste oppervlakte moet prakties wees vir skoonmaakprosesse en om kantel van houers te verhoed.

Werksgehalte:

Konstruksie moet by die tipe medium pas en sal daarvolgens beoordeel word. Tegnieke moet deeglike en korrek uitgevoer word. Dit moet stewig wees met 'n duursame voorkoms.

Aanbieding:

Die onderkant van die artikels moet netjies afgerond wees. Bied die drie artikels aan as 'n eenheid. Sorg dat die verpakking nie te groot of lomp is nie.

HANDCRAFT: SET OF POTHOLDERS

Appearance 60%

Workmanship 40%

Requirements:

A set of three potholders that form a unit or are complementary. They may differ in size. Any medium may be used but must contain elements of recycled items. They must be heat resistant. Must be large enough to accommodate pots or casseroles. Top surfaces must be practical for cleansing purposes and to avoid toppling.

Workmanship:

Construction methods must be suitable for the medium and will be judged accordingly. Techniques must be executed correct and properly. Potholders must appear sturdy and durable.

Presentation:

The bottom parts must also be neatly finished off. Present the three articles as a unit. Avoid packaging that is very large or bulky.
